

# The ALD Zone

Helping Professionals Provide Successful Solutions with ALDs since 1993

### Back to School List

- Alarm clock with bed shaker
- Door/phone signaler for dorm room/apartment
- Cell phone signaler for night alerting
- FM system for classes

**Back to School** time has rolled around again like clock work.

We like to highlight products that can help ease the transition back to school and increase independence. Speaking of clocks, is a vibrating alarm clock on your school supply list for a teen or college bound student?

Alarm clocks, doorbell signalers and FM systems are featured this month along with a popular new signaler. It is a cell phone signaler that can awaken you to the vibration of the cell phone. See these and many useful products for back to school.

This issue of The ALD Zone should be on everyone's fall reading list!

## AlertMaster AM6000K Notification System Alerts to Phone, Door Knock, Sound and Alarm Clock

**AlertMaster AM6000K  
AMER-AM6000K  
\$179.95**

This system may be a good choice for the student that is deaf or hard-of-hearing and is going away to college this fall. This is a multi-function alerting system with all-in-one unit with notification for: phone (land line), door, alarm clock and sound. It includes the AM6000 base unit, bed shaker and door knock transmitter with over-the-door clip. This system is

perfect for a dorm room or studio apartment. Extra remote receivers can be used if alerting in more rooms is needed. One year warranty on both products.

**AlertMaster AMRX2  
Remote Receiver  
AMER-AMRX2  
\$59.95**

## Door Knock Sensors

When only door knock alerting is needed, we have some products that may be of use for the college student in the dorm or studio apartment. These products include brackets that attach the knock sensor to the door. They are powered by a 9V battery.

**Door Beacon with LED Light** This stand-alone door knock sensor has an extra bright light that flashes for several seconds after someone knocks on the door. It features a vibration sensitivity switch. Use it for the entry door, bedroom, bathroom, hotel room, dorm or workplace. **One year warranty.**

**GAD-DBEACON  
\$29.95**

**DoorKnocker 125** has a large ultra-bright long lasting LED light that flashes when someone knocks on the door. It is portable and convenient for traveling. It has a Battery Low indicator and an On/Off switch. **One year warranty.**

**HC-DK125 \$29.95**

**Helping Professionals Provide Successful Solutions  
 with ALDs since 1993**

**Cell Phone Signaler for night time alerting**  
 The Serene Innovations RF-110 Super Loud Cell/Telephone Ringer/Flasher (**HC-RF110 - \$59.95**) was featured in our January 2009 Newsletter (see link).  
<http://www.beyondhearingaids.com/resource/Documents/January2009Newsletter.pdf>  
 This is the only product we know that signals a ringing cell phone. If the cell phone is used for alarm clock purposes, you can use this product to **wake you up!** It has adjustable volume up to 95dB. If you need vibration to wake you up, a compatible shaker is available (**SA-SS12V - \$32.95**). This product will signal cell and land line. The cell phone is attached to the back of the signaler with a strap. The signaler picks up the sound/vibration of the cell phone and alerts you to the cell call or cell alarm. Land line can also be plugged into signaler.

**ALD News:**

**Thinking about personal FM systems for incoming college and high school students?**  
 Williams Sound has introduced the new Motiva Personal FM systems that are updated versions of the PFM300 and PFM350. The Motiva systems offer 16 selectable channels on the 72-76 MHz frequency.

We also carry the Comtek AT216 and the Listen personal FM systems. Please call us for personal assistance on which system is right for you or your client.

---

**Discontinued Items:**  
 SA-TR55 – Sonic Alert Phone Signaler/Transmitter  
 GE-PHONE3 – Speakerphone/vibrating alert  
 GE-PHONE5 – Cordless phone w/caller ID  
 GE-PHONE6 – Cordless phone w/answering machine  
 GE-EXHS1 – Extra handset for GE-PHONE5 & 6  
 HC-SET810MKE – Sennheiser 810 TV amplifier  
 WS-PFM350E – Personal FM w/environmental mic  
 WS-PFM300E – Personal FM  
 HC-CONVERSOR – Conversor Personal FM system

**Loud and Vibrating Alarm Clocks**

We carry **TEN** Sonic Alert alarm clocks. All have adjustable alarm volume, most as loud as 113 dB. (The exception: Sonic Shaker battery powered SA-SBP100 is 90dB.) All include (or are available with) a bed shaker. The SA-SB1000 (without shaker) and the SA-SB100V (with shaker) are the only Sonic Alert clocks that can also accommodate a lamp plugged into the clock for an additional alerting signal, if desired. The lamp may also be used for lighting purposes. This is the most versatile alarm clock we carry. Built-in remote receiver works with any Sonic Alert transmitter.

**SA-SB1000V \$76.95**

See pages 51-53, 55 for more info on all of our clocks. Call us if you need assistance in choosing the best for your or your client's needs and budget. The February 2009 Newsletter highlighted the Sonic Boom Sweetheart and Sonic Bomb Alarm Clocks (see link).
