President's Message

Becky Morris, president

Where has the year gone?

I can't believe that the year is nearly over and the holidays are fast upon us! We wish each of you a very Happy Thanksgiving and a very Merry Christmas!

Our newsletter this month is dedicated entirely to highlighting some new and interesting products, which you will find in our new catalog. Your copy of the new catalog should be arriving soon, if you have not already received one. Call us if you do not get yours by December 15th and we will be sure to get one to you!

Check out the new TV listener that does not put pressure on your ears; the GE-PHONE6 with speed control message playback; and the Visit Wireless Notification System. These are all innovative products that offer new and different ways to help us hear!

New Products!

Serene Innovations TV-Direct 100 TV Listener

HC-TV100 \$139.95

This TV listener does not put pressure on your ears like the traditional steth-style listeners. Hear everything in great comfort without disturbing others! The TV-Direct 100 TV Listener is a 2.3/2.8MHz infrared system that features proprietary High Definition Sound (HDS) technology that amplifies and delivers CD quality dialog and life-like sound direct to your ears. One year warranty. See page 34 in the catalog.

- Wireless
- Rests comfortably on your shoulders
- High Definition Sound (HDS) technology
- Hi-fidelity and passive noise isolation speakers of the ear pieces stay gently in your ears **without creating pressure or discomfort**
- Lightweight
- Adjustable Digital Tone control enhances dialog clarity and intelligibility to suit your hearing
- Long battery life with up to 12 hours of listening time per full charge
- Can be used to listen to movies on airplanes, iPods and other audio sources

GE DECT Amplified Cordless Phone with Answering Machine

The new GE-PHONE6 is a cordless GE phone with DECT (Digitally Enhanced Cordless Technology) that helps avoid interference from the electronics found around the home. This GE phone has 40dB amplification and also features message playback speed control on the answering machine. There is a two year warranty. See page 4 in the catalog.

GE-PHONE6 \$249.95

There are only a handful of cordless phones that have an answering machine. The Clarity CL-C4230 is the model with the most amplification (up to 50dB) and an answering machine with adjustable speed playback. (\$269.95)

HC-VISIT/VP1
\$258.00

Bellman Visit Wireless Alerting System

The Bellman Visit products are similar to the current Silent Call products. Watch for the next newsletter that will describe the NEW Silent Call Signature Series Alerting System.

This Swedish designed alerting system notifies people about important signals and alarms in difficult listening situations. With the Bellman Visit system, you will easily detect your doorbell, telephone, smoke alarm, your baby's crying, etc. All these functions are integrated into a well-designed wireless system. Two year warranty. See pages 64-65 in the catalog for more alerting options.

Visit Value Pack 1 Features:

- Allows the user to move around inside and outdoors.
- Vibrating alert.
- Alerts to the doorbell and incoming telephone calls.
- Portability: take this system with you when you travel.
- Flexibility: add-on accessories provide other notification.
- Wireless system; all batteries are included.
- Approximate operating range in open field about 100 feet (33 yards); walls and other large objects may greatly affect coverage.
